

PROSERPINE STATE SCHOOL BOOK LISTS 2009

Please note:

- The requirements listed below are intended for use in SEMESTER ONE ONLY so as to minimise the financial burden of starting the school year. We have endeavoured to keep costs to a minimum.
- It is an expectation that new requirements will be purchased for Semester 2 when the second Book List will be sent home prior to the June/July school holidays.
- ALL items must be clearly named.
- A4 books are NOT those which feature pre-cut holes and margins; they are stapled only (not spiral bound or cloth bound)
- In Years 4-7 lists, there are highlighters requested in specific colours. It is essential that these are supplied in the colours listed for use in the teaching and learning of grammar.
- It is worth spending a little more on quality items as they last significantly longer than those purchased at warehouse or cut price type stores.
- These items have been checked with our local suppliers who were very helpful and assured us that all items would be available for purchase.
